## Movie Actresses And Their Hair

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact (this is a secret) many are leading ladies just because of their attractive locks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture which they make up for themselves by putting a teaspoonful of camphor, (which they get from the druggist), in a cup of hot water and applying this instead of soap. After its use their hair dries rapidly, with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its lustre and softness is delightful, while the stimulated scalp gains the health which insures hair growth.

The weekly classes have been added this year as a membership privilege to the first 20 young women registering. Under the personal supervision of Miss Florence Weld the girls were given for one thing their first lesson in the art of preparing scrambled eggs, a really simple operation until tried. ## IN MILADY'S BOUDOIR

BY GWEN SEARS.

### THE LIPS IN COLD WEATHER.

During the cold weather, look about you in the street cars and shops and observe the number of women with cold sores and with chapped bleeding and broken lips.

You immediately excuse them on the ground that the weather has been the cause of it. Maybe it is but it was her own fault. These women have neglected to take care of their lips, and the ugly blemishes are their reward.

Before going out into the cold, it is an excellent idea to rub the lips lightly with cold cream or vaseline if you do not use a rouge stick. The rouge stick which contains a greasy substance, prevents blemishes of

this nature, but not all women care to use it. Therefore a light dash of cold cream rubbed into the lips will prevent the biting winds from chapping them. Do not moisten the lips when you are out in the cold.

If a cold sore gathers and you find that it is beyond your control, the quickest way of drying it up is to rub it every time you can with camphorine especially before retiring. Dust with powder before going out into the cold air.

Nothing mars the beauty of a woman's face as much as an ugly blemish on the lips. They should be kept as soft and velvety as the inner petals of a rose at all times.

## What the French Maid Told Marjorie

BY JANE LOWELL.

### USES OF ALL SOAP.

"It seems to me we use an awful lot of soap at home," said Marjorie, and I do so want to be an economical housekeeper for father even in the smallest things.

"Every good housekeeper knows that economy in little things makes all the difference to her weekly bills. And one of the household necessities that every one can economize on is soap.

"Instead of buying shrodded soap for the washing of your flannels and woollens make your own jelly by gathering all the odd pieces of soap and putting them into a jar. Pour over sufficient water to just cover the soap and stand the jar in the oven until the jelly is quite clear and without lumps. It is best to make a fresh supply every week, as it deteriorates with keeping.

"The best possible silver cleanser is made from this soap jelly mixed

to the consistency of cream with powdered whiting. To use simply dip the brush in the cream and rub on the silver. Rinse in warm water, dry and give a final polish with a chamois leather. This method is especially applicable to engraved or embossed silver and the operation creates no dust.

"If a dresser or table drawer does not easily run in and out rub the edges with soap and the trouble will disappear. Sometimes windows are difficult to raise and shut, and rubbing the cases with soap will also cure this bother. The same measure will stop a door from squeaking. In fact it is a useful remedy for the many inconveniences caused by two surfaces of wood not running smoothly one over the other.

"Soap is excellent for stopping a leaky gas pipe, and the soft remains of a cake plastered over the faulty trap or joint will effectually stop waste and unpleasant odor."

"THE BRIGHTEST SPOT IN TOWN"

## VILLA MOVIE FILM IS TO BE REBUILT

(CONTINUED FROM PAGE ONE)

Catholic churches signed a petition sent to Wilson, whose ears are deafened to their entreaties and he sleeps peacefully at his desk, even though Lincoln and Grant reminded him of America that was.

"Views of both Col. Roosevelt and Gov. Hughes will be taken in conjunction with this picture, but cannot be described at this writing.

**Will Rebuild Play.**  
"Herbert Parsons too was very emphatic in his protests against certain of the scenes. There followed a pow-wow and the result that Mr. Reid's photograph will be rebuilt along very circumstantial lines. There will be no religious tinge to the censored version of 'Watchful Waiting.'"

Some of the republican leaders doubt whether the play can be used at all. They regard this possibility as lamentable for the reason that a very fair-sized share of the campaign funds has already been paid to Mr. Reid.
